

**Amendments to the Claims**

5 This listing of claims will replace all prior versions, and listings, of claims in the application:  
What is claimed is:

1. (Currently Amended) An isolated polynucleotide comprising:

(a) a first nucleic acid encoding a light-generating gene product; ~~and~~

10 (b) a second nucleic acid encoding a selectable marker, wherein said  
selectable marker allows for selection of said polynucleotide in a  
eukaryotic host; and

(c) a cis-acting Ang-2 regulatory element.

15 2. (Original) The polynucleotide of claim 1, wherein said light-generating gene product is  
a bioluminescent gene product.

3. (Original) The polynucleotide of claim 2, wherein said bioluminescent gene product  
is luciferase.

20 4. (Original) The polynucleotide of claim 1, wherein said selectable marker is neomycin  
phosphotransferase.

25 5. (Canceled)

6. (Canceled)

7. (Canceled)

8. (Original) A vector comprising the polynucleotide of claim 1.

30 9. (Original) The vector of claim 8, wherein said vector is viral vector.

10. (Currently Amended) The vector of claim 9 8, wherein said viral vector is a retroviral vector.
